## About :

---

For me, technology is a vital part of the future. I believe that it allows me to create and improve myself through the use of software. It inspires me to make a difference in the world around me and in my own life. I'm also eager to work in a larger organisation where I can make a more significant contribution.

## Experience :

---

### A part of GOOGLE DSC -VIT TECH CORE

- Organised and learned about technical events at college level such-as Google's jetpack compose; Open-source contribution (GSOC); Google Cloud

### CREATED A DC MOTOR BLUETOOTH CAR (HARDWARE)

- Developed a bluetooth controlled RC-Car as a 2nd semester project [Arduino]

### DEVELOPED and CREATED A BANKING BOT (website)

- Manage and Experience to lead a project and communicate with each of the member of a team
- Identified problems in the banking sector and tried to overcome them using technology.
- Represented this project in an inter-college competition.[Got a nice feedback from the judges their about the technologies which can be implemented in future in our project]
- Conducted team meetings regularly to ensure the growth of the project.
- Inspired the team to see the big picture of project.
- Got feedback from the VP Infosys about this project.

## Education :

---
